Stocking Aids

Easy On Easy Off Sock Aid

The Easy On Easy Off Sock Aid is made to last and fitted with quality rubber to prevent slipping. It does not require any form of bending or stretching to use, allowing for total independence for the user.

Homecraft Terry Cloth Sock Aid

Sock application is made easy with this flexible, plastic sock aid. Slits in the plastic core allow it to bend around the heel. The inside is lined with nylon to reduce friction. The outside is lined with terry cloth to hold the sock firmly until it is on the foot. Two pulling tabs with loop handles permit one-handed application.

Ezy-As Stocking Aid

Ezy-As applicators are available in three sizes (large, medium and small) to assist in stocking application to both upper and lower limbs. To select the correct size, measure the circumference of the arm or leg at its widest point.

Homecraft Dorking Stocking Aid

This Homecraft Dorking Stocking Aid is a simple, inexpensive device to assist with putting on a stocking or sock. It consists of a strong, shaped, flexible plastic gutter with cotton tapes attached to the top. The stocking or sock is fed on to the plastic and held in place with the side notches. The foot is put in the open end of the stocking, which is then pulled over the foot and up the leg using the tapes.
